1. Introduction

1. Introduction / **Overview of Bharat Certis AgriScience Ltd.**

Bharat Certis AgriScience Ltd. (BCA) is a leader in crop protection solutions, committed to supporting sustainable agriculture both in India and globally. Founded in 1977 as Bharat Insecticides, the company has grown from humble beginnings to become a trusted name in the agricultural sector. In 2020, BCA strengthened its position by entering into a strategic partnership with Mitsui & Co., Ltd., and Nippon Soda Co., Ltd., which allowed it to leverage cutting-edge technologies and expand its global footprint.

With two advanced manufacturing plants and a strong presence in over 30 countries, Bharat Certis AgriScience Ltd. provides a broad portfolio of innovative products, including insecticides, fungicides, herbicides, plant growth promoters, and adjuvants. BCA stands for trust, sustainability, and ethical business practices that benefit both farmers and the environment.

1. Introduction / **Purpose of the Brand Guidelines**

The purpose of these brand guidelines is to ensure that all communications related to Bharat Certis AgriScience Ltd. are consistent, professional, and aligned with the company's values and mission. These guidelines serve as a blueprint for maintaining the integrity of the brand, ensuring that all stakeholders present a cohesive and unified image of BCA across all platforms and mediums.

1. Introduction / **Importance of Consistency in Branding**

Consistency in branding is critical to building trust and recognition. By adhering to a unified brand identity, BCA reinforces its credibility, professionalism, and commitment to excellence. Consistent branding helps distinguish the company in the competitive agricultural market, strengthening its position as a leader in crop protection and sustainable agriculture.

2. Vision, Mission and Values

2 / Vision, Mission, and Values

Vision - To lead the global transformation of agriculture by delivering innovative, sustainable crop protection solutions that empower farmers, enhance productivity, and safeguard the environment for future generations.

Mission - Bharat Certis AgriScience Ltd. is dedicated to -

Enhancing agricultural productivity through cutting-edge crop protection products.

Leveraging our global partnerships and expertise to deliver innovative solutions to farmers and agribusinesses.

Ensuring sustainability by prioritising environmental care, safety, and health.

Supporting the Indian agricultural sector by consistently offering high-quality products and expanding our global footprint in over 30 countries.

2 / Vision, Mission, and Values

Core Values

Innovation - We are committed to bringing advanced technologies to the agricultural sector, meeting the evolving needs of our stakeholders.

Sustainability - Environmental care and sustainable growth are at the core of everything we do.

Integrity - We conduct our business with the highest ethical standards, ensuring fairness and transparency in all our dealings.

Customer Focus - We are dedicated to providing tailored solutions that address the unique challenges of farmers, agribusinesses, and distributors.

Quality - Our products and services adhere to international standards of quality, ensuring long-term success for our customers.

3. Brand Identity

3. Brand Identity / **Brand Personality**

Bharat Certis AgriScience Ltd. is a dynamic, innovative, and dependable brand that champions sustainable growth and environmental stewardship. The brand reflects a deep commitment to empowering farmers and promoting agricultural success through modern, cutting-edge solutions.

Dependable - BCA stands as a trusted partner for farmers, offering reliable solutions that work.

Progressive - BCA is future-focused, always innovating to bring the most advanced products and practices to the market.

Ethical - The brand operates with a strong sense of responsibility towards its stakeholders, the environment, and society at large.

3. Brand Identity / **USP (Unique Selling Proposition)**

Bharat Certis AgriScience Ltd.'s unique selling proposition lies in its innovative and sustainable approach to crop protection, backed by global partnerships and advanced technology. The company offers a wide range of products that cater to both the domestic and international markets, with a strong focus on quality, environmental responsibility, and farmer-centric solutions.

Key aspects of BCA's USP include -

Global expertise from partnerships with Mitsui & Co., Ltd. and Nippon Soda Co., Ltd.

Comprehensive product range addressing various agricultural and household needs.

Commitment to sustainability, safety, and ethical practices.
Extensive international network and strong domestic presence.

3. Brand Identity / **Brand Archetypes**

The brand archetype for Bharat Certis AgriScience Ltd. can be defined as a blend of two primary archetypes - The Caregiver and The Creator.

The Caregiver -

Core Desire - To protect and care for others.

Goal - To help others through compassion and responsibility.

Brand Association - Bharat Certis AgriScience Ltd. embodies this archetype through its focus on providing sustainable and effective solutions that protect crops and enhance farmers' livelihoods.

The Creator -

Core Desire - To innovate and create new, impactful solutions.

Goal - To bring fresh ideas to life that make a difference.

Brand Association - BCA reflects the Creator archetype in its continuous innovation and pursuit of advanced technologies to support agricultural productivity and sustainability.

4. Visual Identity

4. Visual Identity / **Logo Usage**

The Bharat Certis AgriScience Ltd. logo is a core element of the brand's identity. It should always be used in its complete form, ensuring the full name of the company is visible. The logo represents the union of innovation and sustainable agricultural growth. Always maintain the integrity of the logo by using it as provided and avoiding any modifications.

4. Visual Identity / **The Story Behind the Logo**

The Bharat Certis AgriScience logo is more than just an identifier; it represents a forward-thinking agriscience company that is both innovative and rooted in agricultural traditions. Bharat Certis Agriscience (BCA), a leader in crop protection and sustainable agriculture, strives to provide innovative solutions for a growing world. Each element of the logo, from its form to its colour palette, has been designed with precision to communicate the brand's commitment to growth, sustainability, and the fusion of cutting-edge technology with traditional agricultural values.

4. Visual Identity / **Shape and Form**

The “B” and “C” of Bharat Certis are smooth, rounded, and interconnected, symbolising collaboration, harmony, and the ecosystem of the agriculture industry. This fluidity represents the brand’s holistic approach, recognising that growth in agriculture comes from synergistic partnerships between science, nature, and communities.

The “A” is sharp and angular, forming an upward arrow, signifying growth, progress, and the forward-thinking philosophy of the brand. It’s also a subtle nod to agriculture, represented by the leaf motif between the “C” and “A.” This leaf is a crucial element, symbolising the company’s connection to nature, nurturing spirit, and its focus on sustainable agriculture practices. The leaf bridges nature with progress, echoing Bharat Certis Agriscience’s commitment to harmonising innovation with environmental stewardship.

4. Visual Identity / **Colour Story**

Blue in the logo symbolises trust, reliability, and Bharat Certis' legacy of expertise in the agricultural sector. It evokes a sense of stability and dependability, essential traits in a company that plays a crucial role in food security.

Green embodies growth, sustainability, and the environment. It conveys the brand's focus on sustainable agriculture practices while also connecting the visual identity to nature and the rural communities that Bharat Certis AgriScience serves.

The Gradient Effect within the logo elements adds a modern, dynamic feel, reflecting the brand's adaptability and innovative approaches to agricultural challenges. It demonstrates how Bharat Certis bridges the gap between tradition and technology.

By integrating these key elements, the Bharat Certis AgriScience logo serves as a powerful visual representation of the company's mission to grow, nurture, and protect agriculture through innovative solutions, all while maintaining a strong commitment to the environment and its stakeholders.

4. Visual Identity / Logo Colours

Colour Version - This should be used whenever possible, as it reflects the core brand colours.

Greyscale Version - Ideal for use in monochrome publications where colour isn't an option but the logo still needs to maintain visual clarity.

Black & White Version - Used in documents or materials where contrast is crucial, such as legal forms or plain documents. Ensure the logo remains legible in this format.

4. Visual Identity / **Logo on Reverse Backgrounds**

When using the logo on darker or coloured backgrounds, a reverse (white or light) version of the logo must be used to maintain contrast and visibility.

Avoid placing the logo on complex backgrounds that might obscure its elements.

4. Visual Identity / **Exclusion Zones**

Maintain a minimum clear space around the logo, ensuring no other design elements encroach on the area. This zone should be at least equal to the height of the capital "B" in the logo to preserve legibility and impact.

4. Visual Identity / Minimum Logo Sizes

Digital

The logo should always be legible. For digital use, the minimum width should be 60 pixels.

Print

For print, ensure a minimum width of 20 mm. Avoid scaling the logo below these dimensions to maintain clarity.

4. Visual Identity / Incorrect Usage Examples

Do not alter the logo colours or gradients.

Avoid stretching or compressing the logo disproportionately.

Do not rotate the logo or apply shadows.

Do not crop or remove any part of the logo.

5. Colour Palette

5. Colour Palette / **Primary and Secondary Colours**

Primary Colours - The core colours of the brand are green (representing agriculture and growth) and blue (representing innovation, technology, and trust). These colours should dominate all brand communications and design materials.

Colour Codes for Digital and Print. Ensure consistent colour reproduction across all mediums by using the following codes -

Blue

C 100
M 65
Y 0
K 0

R 0
G 97
B 175

Pantone 2145 C

C 70
M 0
Y 100
K 0

R 80
G 184
B 72

Pantone 3501 C

5. Colour Palette / **Primary and Secondary Colours**

Secondary Colours - Complementary shades of green and blue can be used to support the primary palette, offering flexibility while maintaining brand cohesion.

6. Typography

6. Typography / **Primary and Secondary Typefaces**

Primary Typeface -

Zona Pro Bold

For headlines, the bold version of this modern sans-serif font ensures visibility and professionalism.

Secondary Typeface -

Zona Pro Regular

For body text and captions, the regular weight provides excellent readability, offering a clean, contemporary look that aligns with the brand's modern, trustworthy feel.

Usage Guidelines for Headlines, Body Text, Captions:

Headlines - Should always be in uppercase and bold for impact. Prefer using the primary colour palette for headlines.

Body Text - Should be in sentence case and the secondary typeface. Consistency in size and line spacing is key to ensuring readability across formats.

Captions - Keep them succinct, in a smaller point size than body text, and use italics if necessary to differentiate them from the rest of the content.

7. Imagery

7. Imagery / **Photography Style**

Bharat Certis AgriScience Ltd. uses imagery that reflects its values: growth, sustainability, innovation, and care for nature. Photographs should be bright, vibrant, and focused on nature, agriculture, and human elements like farmers and agricultural experts. All images should evoke a sense of optimism, trust, and innovation.

7. Imagery / **Image Usage**

Ensure that images used in presentations, brochures, and online media are of high quality and represent the brand's core message.

Where possible, use original photography of agricultural processes, crops, and communities to ensure authenticity.

Avoid overuse of stock imagery; if stock photos are necessary, choose ones that align with the brand's visual tone—natural lighting, high clarity, and agricultural relevance.

8. Tone of Voice

8 / Tone of Voice

Bharat Certis AgriScience's brand voice is rooted in its core values of innovation, sustainability, and support for the farming community. The tone is adaptable but always consistent, ensuring a strong brand presence across all platforms.

Authoritative and Knowledgeable - In B2B communications, the voice is professional, clear, and insightful, reflecting expertise in crop protection and sustainability. The language should be precise and informative, positioning the brand as a thought leader in the industry.

Empathetic and Supportive - When addressing farmers (B2C), the tone shifts to relatable, compassionate, and solution-oriented. The brand should communicate in simple, encouraging language, offering advice and highlighting shared success stories.

Forward-thinking and Optimistic - Reflecting its innovative approach, the tone should be inspiring and future-focused, showing how Bharat Certis is contributing to sustainable agricultural solutions and the well-being of future generations.

Authentic and Consistent - All communications should be honest and consistent, maintaining the brand's integrity across platforms. Authenticity builds trust and keeps the message aligned with Bharat Certis's mission.

Platform-Specific Adaptability - The tone adapts based on context: conversational and engaging on social media, while being more formal and authoritative in PR or industry communications.

9. Visual language

9 / Visual Language

The leaf and arrow elements in the logo represent BCA's commitment to progress and sustainable growth. The leaf embodies nature, while its arrow shape signifies forward momentum and resilience, symbolising BCA's consistent focus on supporting farmers and fostering agricultural advancement.

Leaf

Arrowhead

9 / Visual Language

The evolution of the logo reflects BCA's journey and growth as a trusted partner in the agricultural sector. This design evolution speaks to the brand's expanding reach and its dedication to uplifting the farming community, showcasing a legacy of support and progress.

9 / Visual Language

The strong and adaptable rendition of the logo illustrates BCA's strong position in the industry. It emphasises a firm foundation and adaptability, portraying the brand as a dependable entity ready to meet the changing needs of modern agriculture.
